

ERROR LOG

```
34  
35 // Close the scanner to avoid resource leak  
36 scanner.close();  
37 }  
38  
39  
40  
41
```

For the Error I had forgotten to add a closing bracket.

```
35 // Close the scanner to avoid resource leak  
36 scanner.close();  
37 }  
38  
39 }  
40
```

For the fix I just added the brackets.
